

# IMPACT REPORT

## A message from Shelley & David

2022-23 has been a year of steady growth for LTR Ministries. This includes the number of classes, networking opportunities, fundraising and total impact. We are excited to share with you more details about the past year.

## 2023 IMPACT SNAPSHOT

**136+** Participants in Let's Talk Race classes

**11** Let's Talk Race Facilitators

**5** CQ Training classes with Threaded this Fall

**5** Churches/Organizations with current engagements

**LTR** MINISTRIES

## A year of growth

It has been almost one year exactly since we started LTR Ministries, Inc. In that time we have formed a board and completed all of the legal requirements to become a 501(c)3 non-profit organization. We have almost doubled the number of classes offered this year and increased our reach through social media and networking. We instituted procedures that help us communicate more effectively with participants as well as launched our website.

As we look back, we are honored, to be part of this great work and excited to see what the future holds.

## PROJECTS

## DETAILS

## OUTCOME

### Let's Talk Race Class

Grow number of  
classes offered

- Differentiate between public & private classes
- 8 classes offered this fall, 15 for the year

### Partnership with Threaded

Finalize details for a  
working relationship  
that benefits both  
organizations

- Added 3 LTR classes through Threaded partnership (Hope Fellowship, Sent Church, Bridge CLE)
- Began co-facilitating CQ training (Sent Church & Episcopale Diocese of Dallas)

### Networking with other organizations

Continue to build  
on previous and  
future networking  
opportunities

- M.A.R.C.H. churches (CARE church, Prestoncrest)
- Fellowship Southwest
- Post-Evangelical Collective
- C3 Consultants

TOTAL FUNDS  
RAISED SINCE  
NOV. 2022

# \$12,112.13

## What People Are Saying...

"How many resources there were! Giving choice during the homework was a great move that helped the discussion seem varied and fit my schedule for the week (video vs article vs podcast). The facilitators did a great job of validating perspective, providing wait time, and pushing the group members to share air time."

"Everything! There's too much to name just one thing. I liked that we used the educational lens to guide our discussions. I liked the humility, inquiry, and empathy everyone exemplified in these conversations. I liked the leaders and the people and the learning. ALL of it!! Thank you for everything you all did to make this an incredible course for us!"

"The content was excellent. So much information and well presented. I felt like I was being educated without being made to feel bad for not knowing this before and encouraged to continue to educate myself on these issues."
